WELCOME!

Hello and welcome to our 11th "RED TIE EVENT." We are a group of Red Angus breeders who love our red cattle and value what we can bring to you, our customer.

We provide you a spectrum of bloodlines that perform well, both in the fescue belt and beyond. We believe in making good cattle great, and hand select our very best for you. We want to produce premium cattle, and we want to help you by providing valuable genetics as well as marketing options.

Quality Red Angus replacement females have been selling higher their black hided counterparts for the last ten years. More and more cattlemen are using Red Angus and Missouri is one of the fastest growing states in the Red Angus numbers.

Invest in a "RED TIE Ready" animal today and dress your herd for success.

DVAuction Online Only Auctions
How they work:

This means that bidders will be able to preview the lots online with complete information, including their pedigree, EPDs, and possibly a video, for several days prior to the sale. During that time, bidders can leave a maximum bid, which the system will represent confidentially up to that amount. Bidders can also bid incrementally, as the bid advances prior to the close.

All lots will close at the same time. Bidding will be extended if a bid is placed on any lot near the closing time. Bidding will officially close when there are no bids placed within a 5 minute period of time.

Calving ease bull. This bull comes with great outcross genetics. His grand sire, Basin Rainmaker 4404 is considered one of the great cow makers in the Angus breed. When we choose outcross Black Angus we only use proven good cow making sires. If you are like most breeders you save your best heifers. The goal is that the new heifers turn into better cows than the ones they replaced. We are confident that will happen with these bulls from our program.

A-BAG-A-BULL

If you purchase a bull from us, we will provide you with credit equal to the value of one bag of Feeder Calf Certification Program or Allied Access tags for each bull you purchase. To redeem your credit, bring your receipt for the tags to next year's sale and we will apply it to your bull purchase.

The FCCP provides age, source and genetic verification for calves sired by registered Red Angus bulls. The FCCP 'yellow tags' are recognized by buyers nationwide and return a premium for Red Angus calves enrolled in the program.

The Allied Access program provides age and source verification for commercial cattlemen whose bull battery does not exclusively contain registered Red Angus bulls. Whether you are utilizing multiple sire breeds or halfblood bulls, enrolling in Allied Access demonstrates to buyers that you are taking an extra step in marketing your calves and adding value throughout the production chain.

To enroll in the FCCP or Allied Access, contact the Red Angus marketing department. Enrollment is simple and free of charge.
