Welcome!

Hello and welcome to our 10th "RED TIE EVENT." We are a group of Red Angus breeders who love our red cattle and value what we can bring to you, our customer.

We provide you a spectrum of bloodlines that perform well, both in the fescue belt and beyond. We believe in making good cattle great, and hand select our very best for you. We want to produce premium cattle, and we want to help you by providing valuable genetics as well as marketing options.

Quality Red Angus replacement females have been selling higher their black hided counterparts for the last ten years. More and more cattlemen are using Red Angus and Missouri is one of the fastest growing states in the Red Angus numbers.

Invest in a "RED TIE Ready" animal today and dress your herd for success.

Terms & Conditions

CERTIFICATE OF REGISTRY

A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

HEALTH

All Animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold. Arrangements for International Shipment should be made with the Sales Manager prior to the auction.

BREEDING GUARANTEE

All animals are guaranteed by the sellers as outlined in the Suggested Sale Terms of the Red Angus Association of America including but not limited to points 8 and 10.

<https://bit.ly/RAAASaleTerms>

LIVESTOCK INSURANCE

Please let a consignor know if you would like to insure your purchases. All purchases are the buyer's responsibility as soon as they are sold.

DELIVERY

Red Tie Bulls will come with 200 mile free delivery. Contact a consignor for other arrangements

PAYMENT

Payment can be made to DVAuction or Red Tie Event. We will try and get the bulls delivered within two weeks.

PROXY BIDS

Will be held in strict confidence. Please contact one of the consignors for help bidding.

Broadcasting Real-Time Auctions

www.DVAuction.com

Watch & Bid online for FREE!

DVAuction Online Only Auctions

How they work:

This means that bidders will be able to preview the lots online with complete information, including their pedigree, EPDs, and possibly a video, for several days prior to the sale. During that time, bidders can leave a maximum bid, which the system will represent confidentially up to that amount. Bidders can also bid incrementally, as the bid advances prior to the close.

All lots will close at the same time. Bidding will be extended if a bid is placed on any lot near the closing time. Bidding will officially close when there are no bids placed within a 5 minute period of time.

For General Questions Please Contact Our Office:

Lents Farms • Cresto, IA

Kevin Lents • 641-344-7257

Lents Bred Heifers

BATTERSON RED ANGUS

Fancy set of bred heifers, carefully selected from the top-end of the commercial herd that continually invests in proven, high-quality genetics. These females are sound in structure, backed by predictable bloodlines, and built for longevity. They've been bucket fed and carry a calm, gentle disposition, making them easy to handle. Buyers can rest assured they will produce a uniform, high-quality calf crop for years to come. Heifers should start calving March 16th and should finish up in 60 days.

The 5 confirmed AI bred heifers will calve to last year's lot 1, BKF Smokehouse. His first calves are hitting the ground now. Smokehouse's 14 CED with -2.3 BW EPDs are being proven by his first calves.

The 16 confirmed bull bred heifers are bred to a low-birthweight, calving-ease bull tracing back to the proven PIE Cinch 4126 lineage. This pedigree provides added assurance of calving ease, structural soundness, and consistent maternal quality in the resulting calf crop.

Ultrasound information provided by Rentroe Vet Services and will be available at the open house or can be requested.

68-88

21 SPRING BRED HEIFERS

Opening Bid

Bar E Ranch Bred Heifers

Commercial Heifers

The Show-Me-Select® Replacement Heifer Program

Is an educational and marketing program run by the MU Extension for Missouri beef producers that improves heifer development, genetics, and management to increase reproductive efficiency and profitability. It involves on-farm development with strict veterinary guidelines for health and genetics that have been third party verified and evaluated.

The next set of bred heifers and the 3 heifer pairs will all hold the Show Me Select tag in their ear.

TWIN HILL STOCK FARM

4 spring bred heifers all confirmed AI bred to Guardrail for a Feb. 17th due date.

110-113 4 SPRING BRED HEIFERS

Opening Bid
\$3250

Twin Hill Stock Farm • Silex, MO
Terry Mudd • 636-262-9428

Twin Hill Bred Heifers

TWIN HILL STOCK FARM

All 3 heifers calved unassisted and are doing a great job being first time mothers. This is the true testament of what the Show-Me-Select program is all about.
